Vcarve Pro is a 3D woodcarving design program. It hels you to design and shape your own sculptures, reliefs, signs or other similar works in wood or stone with scanners, digital cameras and CAD/CAM programs. The Vcarve Pro 7 12 comes with support for unlimited layers, sketch blocks and more like others in the series. VCarve pro 7 12 is a cutting-edge version of the software that makes it possible for you to create or modify artwork in three dimensions. From a single block of wood into a complex carving, from the simplest shape into the most intricate sculpture, VCarve Pro 7 12 brings a highly sophisticated way to work. The software is also compatible with Adobe Illustrator and Photoshop. VCarve Pro 7 12 contains all the features of the previous versions, but adds several new tools and tighter integration with AutoCAD.

The program can be run on Windows XP (SP2), Windows Vista (SP1) and Windows 7 (32 or 64-bit). It also runs under Windows 8 (32/64-bit). This article uses content from Wikipedia under GNU Free Documentation License.
